Section 3.

SPECIAL RULES APPLICABLE TO SRINAGAR

28. All visitors to Srinagar are requested to communicate their names and dates of arrival to the Darbar official deputed to attend on European visitors. The official for the time being is Chaudri Chatar Singh, Motamid Darbar.*

29. Visitors are advised in their own interests to procure such Kashmiri servants as they may require, especially boatmen and shikaries, through the above-mentioned official, and not through local bankers.

30. Servants of visitors found resorting to places other than the fixed latrines are liable to punishment.

31. Grass-cutters are prohibited from cutting grass in, or in the neighbourhood of, the station occupied by Europeans.

32. When the Dal Lake gate is closed no attempt should be made to open it, or to lift boats over the bund to or from the lake.

33. Riding and cycling on the bund are strictly prohibited. The Police have had orders to see that this rule is rigorously enforced.

* Note.— This official will hereafter be referred to as "the Motamid Darbar."
34. Fishing is strictly prohibited between the first and third bridges on the Jhelum river in Srinagar, and also at the places noted in the margin, unless a special parwa has been obtained from the Darbar, applications for which should be made to the Assistant Resident.

35. Visitors wishing to see the Fort or Palace at Srinagar should give one full day's notice of their desire to do so to the Motamid Darbar.

36. There are sometimes a few quarters available in the building known as the barracks. Application for accommodation in these should be made to the State Engineer.

37. A visitor is not permitted to sublet the quarters rented by him, nor under any circumstances will more than one set of quarters be let to one person or party. Rent for quarters allotted must be paid in advance or on demand, as required by the State Engineer.

38. The road along the crest of the bund on the right bank of the river at Srinagar between the Kashmir General Agency and the Sanawar Bagh being a public promenade, occupiers of boats, camps and houses in its vicinity are informed that firewood, packing cases and other articles may not be deposited for longer than is necessary for delivery, or poultry or other animals kept on the bund or its banks, or meatsafes, cages, or other domestic articles suspended from the branches of trees on or near the bund.
39. Arrangements have been made for the supply of pure milk to visitors. These are at present under the "Motamid Darbar" who will inform visitors from time to time how milk may be obtained. Full details of the arrangements cannot be given here as a new scheme for the establishment of a dairy is still under consideration, and may or may not come into force during the present season.

40. Whatever arrangements may be made, milk will be supplied twice a day at fixed hours at the rates published in a nirakhnamah which will be posted at the library, or be obtainable from the "Motamid Darbar."

41. Visitors must supply their own cans for milk, and are reminded that the Kashmiri seer is less by two chittacks than the Indian seer.
Section 3 (a).

CAMPING SITES.

42. Visitors to Srinagar are not permitted to encamp in the Dilawar Khan Bagh situated within the city, nor in the Nishat, Shalimar, or Chashmah Shahi gardens in the Dal Lake. The fixed camping places are the Munshi, Hari Singh, Ram Munshi, and Chenar Baghs at Srinagar and the Nasim Bagh on the Dal Lake. Visitors are also informed that the plot of ground at Sumbal, known as the "Nandi Keshwar Bhairawa," should not be used for camping purposes.

43. The Chenar Bagh is specially reserved for bachelors. No parties of which ladies are members are permitted to encamp within it.

44. Under Bye-Law No. 10 (see below, page 21) horses and ponies cannot be picketed nor allowed to graze on the various camping grounds in Srinagar. There are proper sites appointed for tethering animals outside the Munshi Bagh and Chenar Bagh, which will be pointed out to visitors by the "Motamid Darbar." Shelters for horses on these sites can only be erected by the express permission of the "Motamid Darbar" or the Assistant Resident. They must only be of a light and temporary
Section 3 (a).
CAMPING SITES.

42 (a). The whole Dachigam valley has now been converted into a State Game Preserve and no visitors or others are allowed to enter the same without special permission, or to encamp there under any circumstances.

43. The Chenar Bagh is specially reserved for bachelors. No parties of which ladies are members are permitted to encamp within it.

44. Under Bye-Law No. 10 (see below, page 21) horses and ponies cannot be picketed nor allowed to graze on the various camping grounds in Srinagar. There are proper sites appointed for tethering animals outside the Munshi Bagh and Chenar Bagh, which will be pointed out to visitors by the "Motamid Darbar." Shelters for horses on these sites can only be erected by the express permission of the "Motamid Darbar" or the Assistant Resident. They must only be of a light and temporary
character, and nothing in the nature of a permanent building may be constructed, nor deep trenches dug. The above rule applies equally to cows, mules, or other animals.

45. Horses, ponies, &c., may not, without special permission, be picketed in the gardens of the late Raja Sir Ram Singh, K.C.B., and Raja Sir Amar Singh, K.C.S.I., on the left bank of the river opposite the Post Office at Srinagar; tents may, however, be pitched on the bund adjoining these gardens. Visitors are not allowed to encamp in the gardens and pavilion at Achabal near Islamabad, which are the property of His Highness the Maharaja, nor are their servants allowed to make cooking-places within the garden. There is a small dak bungalow (4 rooms) outside the gate.

46. Travellers in the interior should not encamp within villages. They are advised to encamp only at the ordinary stages and camping grounds. Supplies are not usually obtainable at other places.

46 (a). Experience having shown that it is impossible to protect the fruit in the Nawa Bagh State orchard from the depredations of servants and others employed by the lessees of boats moored in the Canal passing from the Munshi Bagh lock-gate to the Dal Darwaza, notice is hereby given that the mooring of all boats in the above mentioned Canal between the Munshi Bagh lock-gate to the South and the Northern boundary of the Residency Surgeon's garden to the North is prohibited between the 1st July and 1st October of every year.
Section 3 (b).

BOATS IN SRINAGAR.

47. Owing to the large increase in the number of house boats on the river in Kashmir, and in view of the fact that, as a rule, the owners or occupiers of these boats do not entertain permanent crews sufficient to man them when moving, the Darbar have found that the constant supply of extra boatmen by the State can no longer be made without seriously affecting agriculture and the cultivating classes.

48. It is, therefore, notified for the information of residents in, and visitors to, Kashmir that extra boatmen will only be supplied through State Agency at Srinagar, for periods not exceeding one week. Exception will, however, be made in respect of extra boatmen at Sopor required for crossing the Wular Lake only.

49. As unemployed men of the Hanji class are seldom available at Anantnag, Bijbehara, and the Darbar are unable to undertake the supply of extra boatmen at these places.

50. Extra boatmen engaged by residents and visitors through State Agency at Srinagar, must invariably be paid up and dismissed within one week from the date of engagement; and, in the event of their requiring crews for longer
periods than one week, they must make their own arrangements independently of State help.

51. Residents and visitors are warned that non-compliance with these rules may lead to the withdrawal of all State help in the supply of extra boatmen, and consequently to great inconvenience to Europeans in the future.

52. With the exception of the Residency landing place and those at the Palace and Sir Amar Singh's house, all steps from the bund to the river are considered public, even if constructed by private persons; and they must in no manner be railed off or otherwise blocked against public use.

53. Boats moored along the right bank of the river should be so tied so as to leave a clear space of not less than four feet on each side of the landing stages, in order that the public generally may have a free passage either when entering or getting out of shikaras or other boats.

54. An annual license tax is levied on all boats owned or plying for hire in the valley of Kashmir according to the following schedule:

In every case at least 24 hours' notice must be given to the Civil authorities for their supply.

62. Visitors are particularly requested to satisfy themselves that the wages of any extra boatmen supplied to them have been properly paid before they are dismissed.

63. It is also requested that they will be careful to see that firewood, milk and other supplies along the river are regularly paid for by their servants and boatmen.
Section 3 (c).

On Routes II, III, IV and V the rest-houses are not kept up, and the supply of ponies and coolies is very limited, and can in no way be guaranteed. The distances in miles are approximate.

* N.B.—This route from Punch to Uri is now being realigned and a regularly graded mule road is under construction.
VI. Routes to Skardu.

105. Via Gurais and the Deosai plains.

Sportsmen and travellers wishing to proceed from Bandipore to Skardu via Gurais and the Deosai plains are warned:

(i) That only the route over the Deosai plains can be used, and travellers are not allowed to proceed further up the Gilgit road than *Burzil Chowki— the place where the first branch route leads off from that road towards Skardu. The same restrictions applying to the return journey or to travellers coming from Skardu towards Gurais.

(ii) That all transport or supplies required should be arranged for privately and without the aid of the local State officials. It is, however, open to travellers to apply to the Assistant Commissary-General on special duty at Bandipore for transport only, not including riding ponies, between the 15th June and 30th September of each year; the same being supplied at Bandipore or Gurais on cash payment and on giving 48 hours' notice to that officer.

(iii) That supplies should in no case be asked for from the Commissariat Depots along the Gilgit-Bandipore road or drawn from the country, arrangements being made privately before starting.

*Note.—Except as pointed out in Rule 114.
(iv). In case any hardships are experienced by the people of the district the Darbar reserve the right to close the route as before to the travelling public.

106. No supplies, except wood and grass, are obtainable, nor should they be requisitioned at the village of Tolti in the Skardu district on the Dras-Skardu route.

171. Travellers have to pay the foregoing tolls only when entering Kashmir; and the toll collector will give receipts for all payments made to him.
Section 9

CUSTOMS.

172. A State Customs duty is levied by the officials of His Highness the Maharaja on all goods imported into Jammu and Kashmir territory.

173. This duty is usually Rs. 5 per cent. ad valorem, but there are certain exceptions such as salt, sugar, tobacco, snuff, &c.

174. No parcels or consignments imported per the Imperial Carrying Company or by any other agency, except through the Post Office as hereafter explained, are exempt from this duty.

Exceptions. His Highness the Maharaja and the State Council have exempted the following articles from payment of the State Customs duty:

(a) All postal parcels.

(b) All personal baggage.

Explanation 1.—These exemptions apply only to postal parcels and personal baggage belonging to European visitors and residents not engaged in trade. Should it be found that improper advantage is being taken of this privilege, it will be withdrawn.
RULES FOR VISITORS.

Explanation (II).—The words "personal baggage" are intended to cover all articles, in reasonable quantities, usually carried for their own use by European travellers and sportsmen, whether such articles are sent ahead or arrive simultaneously with the owners, or subsequently through the carrying agencies.

Explanation (III).—"Personal baggage" does not, however, include stores, provisions, wines or other like commodities which are obtainable at the European shops at Srinagar.

175. Liquors.—No one will be permitted to import any liquor into the territories of His Highness the Maharaja of Jammu and Kashmir without payment of the State Customs duty. Exemptions from the payment of such duty hitherto allowed shall for the future be discontinued, provided that an open bottle of wine, half a pint of spirit, and small quantities of perfumed spirit for bona fide personal use shall be allowed to pass free of duty when carried along with the personal baggage of visitors.

176. Bonded goods.—Goods imported to Jammu and Kashmir under the seal of one of the bonding houses in British India will, if they are on examination found to be intact, be liable to payment of State Customs differential duty only, if any.

177. But no such consignment should be removed from the premises of the Imperial Carry-
ing Company, nor, if it has been imported through any other agency, should it be opened before it has been examined by both the British Customs official and an official of His Highness the Maharaja.

178. Any infringement of this rule will render the importer liable to the payment of the State Customs duty in addition to the duty already levied by the Customs House in British India.

179. *Contraband imports by servants.*—Visitors are particularly requested to be careful that their servants do not smuggle dutiable articles into the Valley.

180. The personal baggage of visitors is not examined by the Customs officials of His Highness the Maharaja; and, in return for this courtesy, it is expected that any evasion of the State Customs Regulations will be severely discomfited.
