## NOTE.

---

IN order to facilitate ready reference to the Maps published by order of Her Majesty's Secretary of State for India, this Catalogue has been arranged in an alphabetical form, with the title, date of publication, scale, size, and price of each Map. For the purpose of identification, the orthography of the geographical names in the titles, as shown on the Maps themselves, has been strictly adhered to. It will be observed that a reference number precedes the title of each Map; it is therefore requested that in all orders the number as well as the title of the Map may be given, in order to ensure accuracy and expedition.

The publications of the Geological Survey of India, viz., the Memoirs, Palæontologia Indica, and Records of the Geological Survey, are sold in London by Messrs. Trübner & Co., 57 and 59, Ludgate Hill. The only Maps issued at present by the Geological Survey accompany the "Memoirs;" but the publication of the sheets of the Indian Atlas, coloured geologically, has been commenced.
