## P R E F A C E

The National Archives of India, under its programme of compilation of suitable finding aids to its rich collection of cartographic records, has brought out earlier in 1975, a Catalogue of the Historical Maps of the Survey of India, (1700-1900); a Catalogue of the MRIO Miscellaneous Maps of the Survey of India in 1982; and Catalogue of Forest Maps of the Survey of India in 1984. The present volume concerning printed and published maps is the fourth in the series.

This catalogue provides information about the rich collection of many of the 'out-of-print' and now obsolete series of published Topographical maps of various regions of India.

The work of compilation was done by Sarvashree S.R.Batheja, Archivist and Zile Singh, Assistant Archivist, under the supervision of Shri P.L. Madan, Assistant Director of Archives. Sarvashree S.Balasundaram and Uttam Singh Bist made the typescript ready.

It is hoped that the catalogue will be found useful to the researchers interested in maps.

New Delhi,  
2 July 1986.

R.K.Perti  
Director of Archives,  
Government of India.

INTRODUCTION

Printed and Published map group in the custody of the National Archives of India is an heterogenous collection of maps and atlases that were earlier in the custody of various sections of the Department. Some of these have also been transferred to this Department by the now defunct Political Agencies, like the Western India States Agency, and the Eastern India States Agency. This collection as well includes maps that had been acquired by the Department through purchase as also the ones that had been gifted to us. Complementary copies of various maps which had been received by us from the Survey of India and other agencies as well form part of this group. Covering the period, 1755 to 1980, the present volume comprises about 4,000 printed and published maps and atlases of India and other parts of the world, like Afghanistan, China, Fiji Islands, Guyana, Malay Peninsula, U.S.A., and Zambia. Significantly many of these maps and atlases are presently out-of-print. Political maps of the various provinces, former princely States, districts, talukas, and cantonments, and city and fort plans of India also form part of this volume.

Noteworthy among the maps and atlases forming part of this group are: 'A plan of the Fort St. George and the bounds of Madraspatnam', surveyed and drawn by F.L. Conradi, 1755; 'A map of the Eastern Parts of Hindoostan containing the Soubahs or Kingdoms of Bengal, Bahar, Awd, and Ellahabad', engraved by Wm. Whitchurch, 1776; 'Plan of Calcutta', published by Wm. Baillic, 1792; 'Catonment, City and Environs

of Allahabad', published by the Survey of India Offices, Calcutta, 1884; 'Map of India', published by A. Arrow-smith, London, 1916; 'A Bengal Atlas containing maps of the Theatre of War and Commerce on that side of Hindoo-stan', by James Rennell, 1781; 'Scribner's Statistical Atlas of the United States', 1883; 'Twelve maps of India, to accompany the statement exhibiting the moral and material progress and condition of India during 1882-1883', by T. Saunders, London, 1885.

In addition, it contains a large collection of first editions of old Atlas sheets dating back to 1827, maps lithographed from old Revenue Surveys before 1860, and a large number of the now obsolete topographical surveys. These maps, not only illustrate the history of map publication in India, but also provide a rich source-material for the students of historical cartography.

FORMAT

Present boundaries of the States and Districts in regard to general arrangement of entries of the various maps in the catalogue have been followed. The entries have been catalogued alphabetically, irrespective of the country/region to which they belong. Chronology has been maintained in each regional group that has been listed. Efforts have been made as far as possible, to include current regional names and their spellings although the entry includes old regional names/spellings as given on the maps. For example for map number 00990, the entry in the catalogue reads 'MADHYA PRADESH - Map of Bhopawar Agency. Scales 1"-4 miles. 1907'. Here, catch-word is Madhya Pradesh, as Bhopawar Agency is no more an administrative division. However, a cross-reference under Bhopawar Agency has been given suggesting to the readers to look up for the relevant information under 'Madhya Pradesh'. Even otherwise, cross references have been added in other places also wherever found necessary. Again, for map number 03278, the entry in the catalogue reads - 'BHUTAN - Preliminary map of Bhootan. Scale 1"-8 miles. 1874'. The catch-word, in this case, is written with spelling which is in current use, i.e. Bhutan, but the title of the map contains old spelling as was being used in those days, i.e. Bhootan.

PRINTED AND PUBLISHED MAPS (1755-1980)

ABBOTTABAD - District Huzaruh. North West Frontier Punjab Revenue Survey. Sheet No. 1.  
Scale 1" = 1 mile. 1870.
